DIVORCE ACTIVE OUT AT GLOBE

Many Suits on the Docket. Heavy Fire Loss-New Amusement Park.

Globe, Ariz., May 20 .- Globe is running Reno. Nev., a close race in the divorce line. On last "divorce day" for trial. Of these two were dismissed for lack of prosecution, one was taken under advisement, two postponed and four decrees were granted. The most important one was that of Mabelle Whitaker against Wallace Whitaker, the latter a prominent business man of Washington, D. C. Mrs. Whitaker is a sister of Dr. Boyd, of San Carlos, with whom she has been living for the last 18 months. She alleged cruelty.

The new summer place of amusement, Garden Grove Park, a short distance from the center of the city, was placed in commission Sunday with the baptism of ten persons in the new natatorium under the auspices of the Seven Day Adventists.

Description of Land Taken From and Added to Lincoln Reserve.

Albuquerque, N. M., May 30.—Details of the rearrangement of Lincoln untional forest by which the president added 29,738 acres and eliminated 68,-348 acres have been received by the district forest supervisor.

The principal elimination is a strip varying from one-half mile to five miles in width along the northern and northeastern boundary of the Lincoln division, from Ancho on the El Paso & Southwestern rallway easterly and southeasterly to Meek postoffice. This will exclude from the forest all the ter-ritory north and east of Jack mountain, and will also exclude open grazing land in the vicinity of Ranch Well and Richardson postoffice. Eliminations of sevterior boundary of the Gallinas Division have also been made.

The most important of the additions

is an area lying northwest of Corona. a town on the El Paso & Southwestern rallway, situated just east of the Gallivas division. This area supports a good stand of pinon and juniper and son Rolls some western yellow pine. The cordwood is estimated at five cords per acre. Other small additions were made southwest of Gallinas, north of Church mountain, and west of Lane mountain. These additions will in no way affect the grazing plans for the Lincoln for-est for the present season, as no grazing fees will be charged for stock grazing on these areas for the first year.

The lands which are eliminated will be restored to settlement and entry afthaving been duly advertised in the local papers by the secretary of the
